

**Think a minute. What is the same about the words that use play?**

*They are all regular nouns. They are also competitive sports (you play to win.)*

**What is the same about the words that use go?**

*They are all nouns that end with -ing. They are also sports you can do alone.*

**What is the same about the words that use do?**

*They are all martial arts (like in the picture.) They are also sports you can do in groups.*
