ตัวอย่าง

Reception: Hello Madam. How can I help you?

Guest: Hi, could you recommend me some tourist attractions in the city?

Reception: Of course. I would love to. I recommend the Folk Museum is more traditional than the Local History Museum. It tells the story of life here in the Middle Ages-farming and early industries. The Local History Museum is more up to date and has a big section on present-day life in the region.

Guest: That's great. I also would like to some historical place. Could you please suggest some interesting place for me?
